

Program Director, Brenda Herman

Brenda Herman

For over 25 years I have been working with preschool age children in a variety of ways, as a preschool teacher, dance instructor, and in the therapeutic child development program at Children Services. I enjoy helping children build self-confidence through creativity and learning, while helping to activate and improve their large motor skills. As a mother of two, I understand how important it is to have a safe and supportive learning environment. ~ Miss Brenda

PROGRAM DETAILS

Letters • Numbers • Science • Math •
Technology • Music • Crafts • Singing •
Dancing • Tumbling • Healthy Snack Time

Upon entering the SPARK! learning space you will be welcomed, along with our smiling staff, by our giant interactive mural, cozy circle time rug, large movement center, colorful felt activity and lesson board, bins of dress-up clothes, toys, and musical instruments.

Our unique facility allows us access to a complete tumbling/acrobatic center and large dance studio perfect for active kids.

Brenda Herman brings STEM learning to Spark!. STEM will help build on the natural curiosity of young children by developing their interest in science, technology, engineering, and math skills. Here at Spark! We will sing, dance and use rhymes to help us learn, we will read books, explore letters and our environment around us.
